

KIDCREATE® STUDIO

Homeschool Art Education Programs

Why should you sign your child up for an art class?

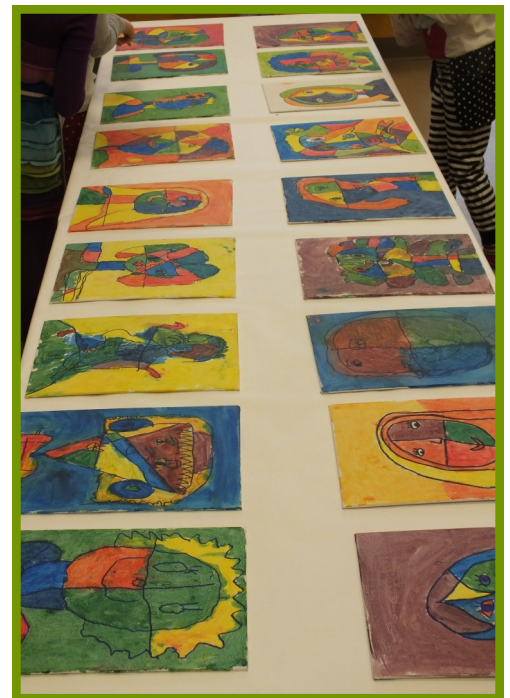

Because art teaches so many things! Math, science, history and creativity are just a few things children learn from the visual arts. Best of all, art makes learning fun!

Kidcreate Classes Offer an Exciting Format for Art Exploration.

Kidcreate's energized art classes focus on art principles and introduce students to many different types of art materials. Our goal is to inspire and educate your child in an environment where giggles and grins are encouraged. We even clean up the mess!
