

No School Day and Holiday Themed Art Activities!

Art is a great way to enrich the curriculum at your location. It's tons of fun and great for the brain too! A Kidcreate activity is easy. You supply the kids; we supply the curriculum, teachers, art materials, giggles and grins. We even handle the clean up! We have listed a few great lesson ideas below for holidays and no school days. We have 100's of art lessons to choose from, so let us know if you would like more ideas.

Kidcreate offers two great ways to bring art education to your kids. You can bring the kids to one of our studios for a fun art themed field trip. Or we can send our teachers to you for an art activity right at your location. Our teachers provide a fun, self-esteem building atmosphere where children learn to express themselves through the visual arts. Lessons are 45 minutes to 1 hour long, depending on the age of the children and project selected. The cost varies depending on class length and the project selected.
